

Air Brake Antifreeze and Conditioner

STARFIRE AIR BRAKE ANTIFREEZE AND CONDITIONER helps clean, condition and protect all air brake systems. It prevents freeze-ups, even in sub-zero weather. STARFIRE AIR BRAKE ANTIFREEZE AND CONDITIONER contains no ingredients or residues which can corrode brake line systems. It contains only the purest anhydrous-grade methanol.

BENEFITS

- Prevents moisture and freeze-ups
- Rust and corrosion inhibitor
- Works in all air brake systems
- Ultra-pure formula
- Leaves no residue

Typical Properties	
Freezing Point, °C (°F)	-97.6 (-143.68)
Relative Density @ 20°C (68°F)	0.791 – 0.793
Flash Point, °C (°F)	11 (51.8)
Appearance/Color	Colorless Liquid
